Reference number

DN579990

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

The National Fire Chiefs Council (NFCC) are leading on this activity via the NFCC Procurement hub on behalf of the English Fire Sector.

Following recommendations from the Grenfell Inquiry, the Fire Sector are seeking a supplier to provide connections to a Multi Agency Incident Transfer (MAIT) hub, with a messaging solution to allow the sharing of critical incident information between blue light control rooms.

The resultant contract shall provide for both installations of the connections to the MAIT solution for all 33 English Fire and Rescue Services (FRS) Control Rooms. This shall for both web enabled and fully integrated with Command and Control Dispatch systems within the sector.

Please note, this opportunity is not for the supporting hardware, but for the full MAIT end to end solution to be provided by a single supplier.

Potential suppliers shall be expected to have knowledge and experience of the MAIT protocols and have either developed or be developing potential MAIT solutions for the emergency services. Please see: <https://www.gov.uk/government/publications/open-standards-for-government/multi-agency-incident-transfer> for further information on this.

The commercial model is expected to be a single supplier framework for all FRS's to call

off upon.

II.1.5) Estimated total value

Value excluding VAT: £1,200,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The National Fire Chiefs Council (NFCC) are leading on this activity via the NFCC Procurement hub on behalf of the English Fire Sector.

Following recommendations from the Grenfell Inquiry, the Fire Sector are seeking a supplier to provide connections to a Multi Agency Incident Transfer (MAIT) hub, with a messaging solution to allow the sharing of critical incident information between blue light control rooms.

The resultant contract shall provide for both installations of the connections to the MAIT solution for all 33 English Fire and Rescue Services (FRS) Control Rooms. This shall for both web enabled and fully integrated with Command and Control Dispatch systems within the sector.

Please note, this opportunity is not for the supporting hardware, but for the full MAIT end to end solution to be provided by a single supplier.

Potential suppliers shall be expected to have knowledge and experience of the MAIT protocols and have either developed or be developing potential MAIT solutions for the emergency services. Please see: <https://www.gov.uk/government/publications/open-standards-for-government/multi-agency-incident-transfer> for further information on this.

The commercial model is expected to be a single supplier framework for all FRS's to call off upon.

Interested suppliers should visit the Kent Business Portal in order to express and interest

and tender for this opportunity. All communications should be via the messaging portal ONLY.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants
