### **Scope**

#### **Description**

The Contracting Authority (Ministry of Housing, Communities and

Local Government) seeks to develop a planning tool that enables Augmented decision making for planning applications.

The initial

focus will be on householder developments (as defined in Town and

Country Planning (Development Management Procedure) (England)

Order 2015) with a view to expand into further application types within

the 'other\*' category (those not classified as Major or Minor) which

represent 69% of all planning applications.

The objective is to dramatically reduce planning application processing times initially targeting a reduction from upwards of 8 weeks to circa 4 weeks, with a long-term vision of near-instant decisions for straightforward applications. All reduction targets do not include elements that solutions cannot be expected to affect i.e. statutory 21-day consultation periods, site visits, neighbour notifications, external consultee responses, and committee scheduling.

Proposals will need to demonstrate understanding of the relevant parts of the planning process including administrative processes (e.g. policy research, citation generation, report generation) as well as analytical processes (e.g. material considerations identification, policy compliance assessment, planning balance evaluation, decision reasoning). Solutions should be designed to assist planning officers with the above processes and provide reasoned, verifiable recommendations for decisions. Solutions must be integrated with existing planning systems.

As part of the Invitation to Tender (ITT) stage, bidders will be required to participate in a two-week demo build (unpaid) to each develop a working prototype which will be evaluated at "Demo Day". This will take the form of a presentation of the prototype, and this will be evaluated in accordance with the process and award criteria set out in

the ITT.

During the contract, the service recipients (i.e. those that will use the solution) may include:

DSIT MHCLG

Local Planning Authorities (317 LPAs)

Planning Inspectorate

Devolved Administrations

Combined Authorities (mayoral authorities with planning powers)

National Parks Authorities (separate planning authorities)

Broads Authority (special planning authority)

---

## **Contract 1**

### **Supplier**

- Google Cloud EMEA Limited

### **Contract value**

- £6,906,513 excluding VAT
- £8,287,815.60 including VAT

Above the relevant threshold

**Award decision date**

5 February 2026

**Date assessment summaries were sent to tenderers**

5 February 2026

**Standstill period**

- End: 16 February 2026
- 8 working days

**Earliest date the contract will be signed**

17 February 2026

**Contract dates (estimated)**

- 17 February 2026 to 17 May 2028
- Possible extension to 17 May 2029
- 3 years, 3 months, 1 day

Description of possible extension:

12 months following initial Support and Grow Phase
