Description

Contract for the Provision of Asbestos Surveying & Analytical Services

All surveying practices must be UKAS accredited and provide certification when submitting their tender return.

All surveyors must be P402 (British Occupational Hygiene Society) qualified or equivalent and be able to demonstrate a level of competence. Detailed CV's specific to asbestos surveying must be submitted with this tender to demonstrate competence for those surveyors who will work on the contract. Surveyors must be authorised to carry out each type of survey and property type as per UKAS RG8 requirements.

All works on site and documented surveys must be in line with HSG264 (Asbestos: The

Survey Guide).

A competent project manager must be appointed by the Contractor(s), this named individual must hold either a P402 and or P405 qualification, or equivalent. A suitable CV must be provided with this return to demonstrate competency.

Surveys and samples must be undertaken in line with the Control of Asbestos Regulations 2012 and HSG 264. A risk assessment and method statement must be provided for the sampling of assumed asbestos containing materials.

A written quality management system must be used submitted with this return and as a minimum must include the following:

- The proportion of surveys being re-inspected by another competent surveyor/auditor
- The management procedures and systems of the organisation for auditing completed surveys
- Systems for checking reports before issuing to the client

Total value (estimated)

- £750,000 excluding VAT
- £900,000 including VAT

Contract dates (estimated)

- 23 June 2025 to 23 June 2028
- Possible extension to 23 June 2030
- 5 years, 1 day
