Engagement process description

To support the development of a comprehensive strategy and set of requirements, Supply Chain Coordination Limited (“NHS Supply Chain”) (the Authority) is initiating a Preliminary Market Engagement (PME). This process is intended to consult the market and identify potential suppliers capable of meeting the emerging goods and services requirements. Through this engagement, the Authority aims to understand supplier capacity, explore opportunities for innovation, and ensure all interested parties are informed of this opportunity.

The Preliminary Market Engagement (PME) will cover the following activities:

- Interested suppliers are invited to submit an Expression of Interest (EOI) via the Jaggaer system.
- Suppliers who express an interest will be provided with the draft specifications and product list, which are currently under development. This is expected to take place in March 2026 (STC). The Authority will invite feedback and assumptions based on these documents
- We will maintain regular dialogue with suppliers who have expressed an interest, initiating exploratory conversations to understand their offerings and assess alignment with our requirements. These conversations will take place via Microsoft Teams, telephone, or face-to-face meetings, depending on suitability and availability .
- Suppliers who have expressed an interest in this opportunity are encouraged to engage with us through scheduled calls, meetings, and other appropriate channels.

The Authority sincerely appreciates your engagement and looks forward to receiving your considered input throughout the course of this process.
