Planning

## **Insulin pumps, continuous glucose monitoring products contributing to the delivery of hybrid closed loop pathways and associated products**

SUPPLY CHAIN COORDINATION LIMITED

UK2: Preliminary market engagement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-010763

Procurement identifier (OCID): ocds-h6vhtk-0649a1

Published 6 February 2026, 9:19am

### **Scope**

### **Reference**

Project 1701

### **Description**

NHS Supply Chain supports national diabetes services by enabling equitable access to advanced diabetes technologies, encouraging openness to innovation, and ensuring an appropriate balance between clinical outcomes, cybersecurity, interoperability, and value for money.

This notice is published to inform the market and to invite suppliers to participate in preliminary market engagement in accordance with the Procurement Act 2023. NHS Supply Chain is exploring the potential establishment of an open framework agreement with a proposed duration of up to eight (8) years for the supply of insulin pumps, continuous glucose monitoring (CGM) devices, hybrid closed loop system components,

and associated products and services.

The proposed scope may include, but is not limited to, tethered insulin pumps, patch insulin pumps, continuous glucose monitoring devices, products contributing to the functionality of hybrid closed loop insulin delivery systems, consumables, and smart insulin pens.

Precise quantities are unknown. It is anticipated that indicative expenditure in the first year may be in the region of £240,000,000 to £250,000,000 GBP (excluding VAT). This estimate is indicative only and may vary depending on the requirements of contracting authorities accessing the framework. The estimated total value over the potential eight year duration is approximately £3,000,000,000 GBP (excluding VAT).

Any future framework agreement would support delivery of the NHS England Implementation Plan following the National Institute for Health and Care Excellence (NICE) Technology Appraisal TA943 – Hybrid closed loop systems for managing blood glucose levels in type 1 diabetes, published on 19 December 2023.

Participation in this preliminary market engagement is voluntary and does not constitute a commitment by NHS Supply Chain to commence a procurement, to award a contract, or to include any participant in any future procurement process. Any future procurement will be conducted in accordance with the Procurement Act 2023 and published via the Find a Tender Service as appropriate.

Any resulting framework agreement would be entered into between NHS Supply Chain and the appointed supplier(s)

## **Commercial tool**

Establishes a framework

## **Total value (estimated)**

- £3,000,000,000 excluding VAT
- £3,600,000,000 including VAT

Above the relevant threshold

### **Contract dates (estimated)**

- 1 June 2027 to 27 May 2035
- 7 years, 11 months, 27 days

### **Main procurement category**

Goods

### **CPV classifications**

- 33194110 - Infusion pumps
- 33194100 - Devices and instruments for infusion
- 33194000 - Devices and instruments for transfusion and infusion
- 33140000 - Medical consumables
- 33141100 - Dressings; clip, suture, ligature supplies
- 33141300 - Venepuncture, blood sampling devices
- 33141320 - Medical needles

### **Contract locations**

- UK - United Kingdom

## **Engagement**

### **Engagement deadline**

22 June 2026

## Engagement process description

NHS Supply Chain are seeking to engage with interested suppliers who can supply the Goods detailed in the procurement description.

Suppliers can express interest in the opportunity using the following:

### PORTAL ACCESS

-Login with URL: <https://nhssupplychain.app.jaggaer.com/web/login.html>

-Click on "SQs Open to All Suppliers" and search for the title of the  
procurement: SQ\_???

Procurement name: Insulin Pumps, Continuous Glucose Monitoring, Products  
Contributing to the Delivery of Hybrid Closed Loop Pathways and Associated Products

EXPRESSION OF INTEREST- Click on the 'Response Form' tab.-Answer

the question in the Qualification Envelope at 1.1.1-Click 'submit'.  
response.

Eligibility: Open to all interested suppliers, including SMEs and new entrants

RFI to be sent, the RFI document will be issued via email from email, address  
[IVTherapycontracts@supplychain.nhs.uk](mailto:IVTherapycontracts@supplychain.nhs.uk). Please ensure you monitor your emails for  
correspondence from this email address.

NHS Supply Chain invites all suppliers to participate in our upcoming Pre Market  
Engagement (PME) activities. These sessions are designed to give suppliers clear insight  
into future opportunities and ensure all suppliers, including SMEs, feel fully supported  
throughout the procurement journey.

A key highlight of this programme is our face to face supplier engagement event. This in  
person session offers an invaluable opportunity to meet directly with various NHS Supply  
Chain stakeholders, build meaningful relationships, and engage in open, constructive  
discussions that are not always possible online. SMEs will have the chance to share  
perspectives, gain real time feedback, and better understand the upcoming requirements.

PME activities will include:

- Interactive webinars providing early information on our approach
- 1 to 1 supplier meetings offering personalised guidance
- A dedicated workshop with key NHS Supply Chain stakeholders, where suppliers can ask detailed questions about the tender process, receive expert support, and strengthen their readiness for future procurement activity.

We strongly encourage all supplier, including SMEs, to attend the face to face session and wider PME activities to make the most of this direct access to NHS Supply Chain experts and decision makers.

Key dates:

- Deadline for submission of completed RFI- 31/03/2026.
- Supplier webinar: registration details to follow when date is confirmed.
- Circulation of draft specification and product list estimated 06/02/26
- Recurring Procurement -Publication date of next tender notice (estimated): January 2028

Please note: For future tenders the following requirements will apply:

- ISO Certification: Tenderers must have ISO 9001: 2015 or BS EN ISO 13485:2016 or Medical Device Single Audit Program (MDAP) accredited by the United Kingdom Accreditation Service (or international equivalent) to cover all segments of the Tenderer's and the product's supply chain. This should include, but not be limited to, sales, manufacturing, storage and distribution ('ISO Certification')
- Link for acceptable alternatives <https://iaf.nu/en/accreditation-bodies/> ('Notified Bodies')
- CE Certification and Declaration of Conformity certificates are required where applicable to be presented at submission stage of the tender.
- Modern Slavery for Tenderers that have an annual turnover of at least £36 million must have a link to their modern slavery statement on their website.
- Modern Slavery Assessment Tool (MSAT) Tenderers must have a score of 41% or above within 12months of the Tender Publication Date via <https://supplierregistration.cabinetoffice.gov.uk/>

- Evergreen Sustainable Supplier Assessment – Tenderers will need to have completed the assessment and achieved Level 1 within 12 months of the Tender Publication Date. Link for instructions and access for this assessment: <https://www.england.nhs.uk/nhs-commercial/central-commercial-function-ccf/evergreen/>
- Carbon Reduction Plan (CRP): Tenders must have a valid CRP link on their website that meets the requirements of PPN 006 as outlined in the PPN, OR Where Supplier has no website, the CRP is provided in PDF format that meets the requirements of PPN 006 as outlined in the PPN, OR Excused in exceptional circumstances
- Cyber Security: If you handle patient or personal data, or provide any IT systems, services, or devices you will need to have a Cyber Security Essentials Plus Certificate
