- 72590000 - Computer-related professional services

- 71316000 - Telecommunication consultancy services

II.2.3) Place of performance

NUTS codes

- UKM82 - Glasgow City

II.2.4) Description of the procurement

The Scotland 5G Centre (S5GC) is the national centre for 5G, set up by the Scottish Government to accelerate the demand, deployment, and adoption of 5G in Scotland. We are seeking external support to deliver a series of 5G use cases operated from our S5GC test beds located across Scotland. Support is required from an external supplier to work with the Head of the 5G Connect Programme and the Business Engagement Managers to support the development of new use cases. The support required includes technical expertise, programme management and commercial knowledge.

Use Cases are critical for promoting the uptake of 5G enabled applications and providing potential solutions to future business needs. We require an external supplier with a working knowledge of the application of 5G network technology and/or partners involved in the deployment of 5G systems to provide use case scoping and evaluation, Commercial Services and Technical Support.

This service would be required from April 2022 on a demand to use basis as we cannot predict the type or number of enquiries that we receive or from what sector the enquiries may come from. We do however have set sectors that our Supplier must have a basic knowledge of or be able to access promptly: Virtual Production and Interactive Entertainment, AR/VR simulation Technology, Manufacturing, Transport & Logistics, Healthcare, Critical Infrastructure, AI, IoT, Net Zero & Environment Working, Pop Up 5G Networks, Energy.

II.2.5) Award criteria
