Tender

Green Finance Toolkit

Department for Energy Security and Net Zero

F02: Contract notice

Notice identifier: 2024/S 000-010784

Procurement identifier (OCID): ocds-h6vhtk-044f51

Published 3 April 2024, 2:44pm

Section I: Contracting authority

I.1) Name and addresses

Department for Energy Security and Net Zero

Trinity Bridge House, 2 Dearmans Place

Salford

M3 5BS

Email

internationalclimateandenergy.procurement@energysecurity.gov.uk

Country

United Kingdom

Region code

UK - United Kingdom

Internet address(es)

Main address

<https://www.gov.uk/government/organisations/department-for-energy-security-and-net-zero>

I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

<https://beisgroup.ukp.app.jaggaer.com/esop/guest/go/opportunity/detail?opportunityId=57972>

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

<https://beisgroup.ukp.app.jaggaer.com/esop/guest/go/opportunity/detail?opportunityId=57972>

Tenders or requests to participate must be submitted to the above-mentioned address

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

Environment

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Green Finance Toolkit

II.1.2) Main CPV code

- 75211200 - Foreign economic-aid-related services

II.1.3) Type of contract

Services

II.1.4) Short description

Background

Putting in place the conditions to align global financial flows with the Paris Agreement's goals is a critical enabler of UK climate policy objectives, including to enable low carbon and climate resilient growth in emerging markets and developing economies (EMDEs). To achieve this, in addition to direct and indirect mobilisation of finance there is a global need for a shift in the financial system.

The UK has a number of levers to develop and implement 'greening finance' measures, this includes furthering our domestic policy framework, engaging in multilateral supporting voluntary standards setting initiatives, and through green finance capacity building for EMDEs. Given the pace and scale of the change needed and the globally linked nature of the financial system, it is crucial that technical assistance efforts in EMDEs and global policy initiatives move in tandem to build lasting capacity, enable market access, and ensure environmental integrity. In the 2023 Green Finance Strategy, the UK therefore committed to work with industry and country partners to develop a toolkit for optimising support for the greening of financial systems in EMDEs. This project seeks to achieve this through the development of a Green Finance Toolkit which will provide research insights and tools to support UK government processes and strategy development, including in relation to UK International Climate Finance (ICF) programming.

Requirements

The Green Finance Toolkit package will include (1) an internal report to government providing lessons learned and recommendations for future specific UK interventions; (2) the development of a Diagnostic Toolkit based on report findings to support engagement with countries and the triaging and sequencing of technical assistance requests; and (3) a set of 'how to' guides setting out how to approach the development of a coherent green finance policy framework, incorporating learning from the UK's approach, to be used in international engagement.

These will be HMG-owned products with (1) being an internal document; (2) being used internally and with delivery partners; and (3) being used in external communications. Our preference is for (1) and (2) to be delivered by the same supplier given the close links between the two products, though we welcome separate proposals. (3) could be developed by a separate supplier if beneficial and we would welcome proposals from consortia.

II.1.5) Estimated total value

Value excluding VAT: £370,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

(3) could be developed by a separate supplier if beneficial and we would welcome proposals from consortia.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £370,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

8

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: Yes

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

8 May 2024

Local time

1:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 8 May 2024

IV.2.7) Conditions for opening of tenders

Date

8 May 2024

Local time

1:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.4) Procedures for review

VI.4.1) Review body

Department for Energy Security and Net Zero Integrated Corporate Services

London

Country

United Kingdom
