Services

#### **II.1.4) Short description**

Local Authorities are required to undertake annual skid resistance (Grip Tester) surveys. As a minimum, this should be undertaken on A-Roads, with the results submitted to the Department for Transport (DfT). The results help identify roads requiring skid resistance improvements, to reduce the risk of skidding related incidents. Currently, some authorities also include B and C roads to assist with the prioritisation of the Highways maintenance programme. The purpose of this tender is to appoint a contractor to undertake skid resistance (Grip Tester) surveys on behalf of the West Midlands Authorities across their highway network. This is to be carried out in accordance with requirements of Highway Design Note CS228 in the Design Manual for Roads and Bridges.
