II.1.4) Short description

UKRI seeks to procure the services of a suitably qualified and experienced Geo-technical Adviser for a range of sub-surface investments currently underway, planned and being considered as part of our commitment to support HMG in this developing research field. UKRI is developing a range of projects across it's Councils to support HMG delivery of Net Zero by 2050 that may include similar geotechnical advice.

As part of the green industrial revolution, BEIS have indicated that UKRI can play a crucial role in providing independent research and analysis (including National Capability Infrastructure where appropriate) supporting geological solutions over the next decade and in particular support the five clusters as they develop.
