II.1.4) Short description

Background and Overview of the Project Survey-grade GNSS underpins all field data capture in OS. This tender is to purchase a minimum of 240 replacement or lease 240 GNSS survey receivers (hardware) for use by the field team. The procurement is required to replace end of life receivers, and to provide new capabilities to the surveying team, enabling them to continue with field data capture in support of current and future capture requirements. In order that the tender encompasses a potential purchase OR lease-based contract award, the tender shall be split into two 'Lots'. Lot 1 shall apply to a purchase contract, Lot 2 shall apply to a lease contract. Only one Lot shall be awarded as a result of this Tender. OS reserve the right to not award contract for one or either Lot at its sole discretion. Participants shall indicate their intent to respond to each Lot by completing the questions set out at Part 4 – Pricing. Contractual terms are provided within the Tender documents pack for bo
