### **II.2.3) Place of performance**

NUTS codes

- UKM92 - Dumfries & Galloway

Main site or place of performance

Interfloor Factory Site, Heathhall, Dumfries

## **II.2.4) Description of the procurement**

Dumfries and Galloway Council wish to obtain notes of interest and proposals to assist in identifying a suitable partner(s) for a sustainable development opportunity at the former Interfloor Factory Site in Dumfries.

As part of the process to scope the potential in this project DGC anticipate interested parties to participate in preliminary market research activity in relation innovation scope, scale, buildability, affordability, and market capability.

The site consists of the extensive former factory building, areas of hardstanding and vacant brownfield land where buildings have been demolished. It dates from the 1910s and is a Category B listed building as it is said to be the first ferroconcrete car factory built in Britain. There is a presumption in favour of its retention and sensitive conversion to a new use. Historic Environment Scotland (HES) is responsible for designating listed sites and places at a national level.

Long term site uses would be focused on the objectives set out in the Local Development Plan for the site, which is allocated for mixed use development including residential, commercial, and leisure uses.

Initial site investigations and studies have been commissioned by DGC and will be made available in mid-April 2025.

The deadline for questions is COB Wednesday 16/04/2025.

Interested parties are invited to provide case studies no later than COB Friday 02/05/2025 to [Procurement.CIRW@dumgal.gov.uk](mailto:Procurement.CIRW@dumgal.gov.uk)

See attached additional documents for further information.
