Contract

COV - CVLR Live Environment Construction Testing (LECT) Operator

Coventry City Council

F03: Contract award notice

Notice identifier: 2025/S 000-010850

Procurement identifier (OCID): ocds-h6vhtk-04c7ed

Published 24 March 2025, 10:53am

Section I: Contracting authority

I.1) Name and addresses

Coventry City Council

Council House, Earl Street

Coventry

CV15RR

Contact

Rob Amor

Email

rob.amor@coventry.gov.uk

Telephone

+44 2476971956

Country

United Kingdom

Region code

UKG33 - Coventry

Justification for not providing organisation identifier

Not on any register

Internet address(es)

Main address

www.coventry.gov.uk

I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

COV - CVLR Live Environment Construction Testing (LECT) Operator

Reference number

COV-21323

II.1.2) Main CPV code

- 60200000 - Railway transport services

II.1.3) Type of contract

Services

II.1.4) Short description

The Council are developing the innovative CVLR project. This seeks to introduce a low-cost urban light rail system into the heart of Coventry.

The primary objective of the Coventry Very Light Rail Project is to create an affordable integrated transport system that comprises a lightweight low-cost vehicle and innovative trackform. The low cost means it can be implemented at scale, thereby driving significant mode shift to a low carbon mode, with an ambition to achieve zero carbon ultimately by using renewable energy to power the system.

A full CVLR network is envisaged in the future but to allow this to be managed in a safe and effective manner, the first stage will be a CVLR Live Environment Construction Testing (LECT) route.

CVLR LECT will be operational for a four (4) week period from Monday 19 May 2025 through Sunday 15 June 2025. The vehicle will be transferred to Coventry on Monday 19 May 2025. The awarded Operator will be required to perform some pre-work such as creation of Safety Management System ("SMS") and driver training.

A vehicle operator is required to operate the CVLR vehicle through the period outlined above. A concept of operations (ConOps) has been developed and outlines how Coventry Very Light Rail (CVLR) Live Test Environment Construction Testing (LECT) is expected to be operated under normal, degraded and emergency scenarios.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £35,676

II.2) Description

II.2.2) Additional CPV code(s)

- 60210000 - Public transport services by railways

II.2.3) Place of performance

NUTS codes

- UKG33 - Coventry

Main site or place of performance

Coventry
