## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

C14801 - Manufacture & Supply of SRP Products

Reference number

C14801

#### **II.1.2) Main CPV code**

- 19520000 - Plastic products

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

Sellafield, through the Manufacture and Supply of SRP Products Contract Opportunity has appointed a single supplier to manufacture SRP Products (as defined below) using Sellafield's New Product Introduction (NPI) process. Further details relating to the NPI process can be found in the published Procurement documentation contained within Atamis reference C14801.

SRP Products are high integrity, precision engineered stainless steel and polymer products split into two categories:

1. containers; and
2. consumables,

used for the reprocessing and repackaging operations for the long-term storage of nuclear materials.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Lowest offer: £31,682,944.49 / Highest offer: £91,704,211.92 taken into consideration

## **II.2) Description**

### **II.2.2) Additional CPV code(s)**

- 09300000 - Electricity, heating, solar and nuclear energy
- 71323000 - Engineering-design services for industrial process and production
- 44613400 - Storage containers
- 90521500 - Packaging of radioactive waste
- 14622000 - Steel
- 09343000 - Radioactive materials
- 98391000 - Decommissioning services
- 24540000 - Primary-form of vinyl polymers
- 44616200 - Waste drums
- 44619000 - Other containers

### **II.2.3) Place of performance**

NUTS codes

- UKD1 - Cumbria

Main site or place of performance

Cumbria

### **II.2.4) Description of the procurement**

Sellafield Ltd is responsible for the safe, secure, and appropriate storage of nuclear materials. As materials, containment layers, and stores age, periodic reprocessing and repackaging is required to ensure this responsibility can continue to be met.

The inventory held within Sellafield Ltd's Special Nuclear Materials (SNM) value stream is at such a point, that the Sellafield Product and Resides Stores (SPRS) Retreatment Plan (SRP) is due to start operating in FY 2028/29 to retreat and repackage nuclear material to enable safe and secure long-term storage.

Sellafield Ltd requires manufacturing capability (using Sellafield Ltd's NPI process) for the supply of quality, repeatable, volume manufactured products for the reprocessing and repackaging operations within SRP for the long-term storage of the nuclear material (the

SRP Products). SRP Products are high integrity, precision engineered products and perform critical functions in the long-term storage of nuclear material.

There are five (5) SRP Products in early design maturity which fall into the following two product types:

1. Container Products (those products that will form part of the long-term storage package), including:

- i. SRP Outer Container (Body and Lid);
- ii. SRP Intermediate Container (Body and Hollow Plug Assembly);
- iii. SRP Inner Container (Body and Lid);

2. Consumable Products (single-use process enablers required to safely operate the SRP facility that do not form part of the long-term storage package), including:

- iv. SRP Package Carrier (SPC) (Body and Lid);
- v. SRP Sphincter Plug (Body and Lid).

Sellafield Ltd has appointed one (1) supplier to provide manufacturing capability to support design, manufacture, and supply of the SRP Products.

Details in relation to the estimated annual volumes can be found in the Procurement documentation published via the OneNDA e-procurement system Atamis under reference C14801.

#### **II.2.5) Award criteria**

Quality criterion - Name: Quality / Weighting: 70

Cost criterion - Name: Cost / Weighting: 30

#### **II.2.11) Information about options**

Options: No

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Restricted procedure

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: Yes

### **IV.2) Administrative information**

#### **IV.2.1) Previous publication concerning this procedure**

Notice number: [2024/S 000-007067](#)

---

## **Section V. Award of contract**

A contract/lot is awarded: Yes

### **V.2) Award of contract**

#### **V.2.1) Date of conclusion of the contract**

5 February 2026

#### **V.2.2) Information about tenders**

Number of tenders received: 4

Number of tenders received by electronic means: 4

The contract has been awarded to a group of economic operators: No

#### **V.2.3) Name and address of the contractor**

LTi Metaltech Ltd

163 Brook Drive

Milton

OX14 4SD

Country

United Kingdom

NUTS code

- UKD1 - Cumbria

National registration number

05300889

Internet address

<https://lti-metaltech.com/>

The contractor is an SME

Yes

#### **V.2.4) Information on value of contract/lot (excluding VAT)**

Initial estimated total value of the contract/lot: £75,000,000

Lowest offer: £31,682,944.49 / Highest offer: £91,704,211.92 taken into consideration

---
