## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

COP26 - Visions for a Net-Zero Future

Reference number

4807/12/2020

#### **II.1.2) Main CPV code**

- 73000000 - Research and development services and related consultancy services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

Visions for a Net Zero Future is a project led by the Department for Business, Energy and Industrial Strategy (BEIS) and aims to contribute to a successful UK Presidency of COP26.

This project will develop a series of country/regional-specific Visions that bring to life the scientific evidence on different global pathways to a net zero future, exploring science and innovation solutions and the co-benefits and trade-offs.

These Visions will be developed in virtual workshops by regional stakeholders, including technical and non-technical. These workshops will outline the scientific and engineering evidence and opportunities in different future scenarios and involve discussions on the different perspectives, priorities and trade-offs, with the aim of developing a collective Vision of the future.

These Visions will be translated into high-impact, engaging and creative visualisations to support engagement ahead of, and at, COP26.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £1

## **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

Main site or place of performance

UNITED KINGDOM

### **II.2.4) Description of the procurement**

The invitation to Tender (ITT) sought a supplier to deliver the alpha phase (prototyping and testing) of the Energy Data Visibility Project (EDVP). The EDVP aims to develop a service that:

- Increases the visibility of energy system metadata (a description of the attributes of a dataset), by listing metadata centrally, to an agreed standard;
- Provides a mechanism for missing/closed data to be requested by energy system participants;
- Provides direct access to data that is open to the user;
- Allows data users to provide feedback on the quality of data and;
- Collects service analytics

### **II.2.5) Award criteria**

Price

### **II.2.11) Information about options**

Options: No

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---
