Section II: Object

II.1) Scope of the procurement

II.1.1) Title

University Building Extension

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

This project proposes the construction of three new floors added vertically to the existing single storey building. The existing storey accommodation generally contains teaching rooms, a library, and breakout spaces. The proposed new extended accommodation will generally comprise of new additional teaching spaces, as well as additional breakout areas, storage facilitates, and a new server room.

The proposed works will be procured through a single stage Design & Build route, based on RIBA Stage 3 Design information, based on an Open tender route as prescribed in the Public Contract Regulations (2015).

The net Construction costs are expected to be in the order of c. £5.5m - £6m. (inclusive of the elements listed in the ITT Schedule 5 Pricing; and exclusive of VAT).

The aspiration of the College is to commence with the building works during the College's none teaching periods that being during Summer 2023.

II.1.5) Estimated total value

Value excluding VAT: £5,750,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45100000 - Site preparation work
- 45200000 - Works for complete or part construction and civil engineering work
- 45300000 - Building installation work

- 71200000 - Architectural and related services
- 71300000 - Engineering services
- 71400000 - Urban planning and landscape architectural services
- 71500000 - Construction-related services

II.2.3) Place of performance

NUTS codes

- UKD46 - East Lancashire

Main site or place of performance

University Building, Burnley College, Princess Way, Burnley, BB12 0AN.

II.2.4) Description of the procurement

The College has been growing in student numbers for a number of years, with significant growth in the last two years seeing the existing facilities nearing capacity. With particular growth in local priority areas of engineering, advanced manufacturing, healthcare and construction, as well as general growth in higher level qualifications through A-Levels and Degrees, the College is planning to expand its facilities to meet the increased demand.

The College have carried out an evaluation to explore future development opportunities, including dialogue with the Local Authority, to ensure that any future development is structured to develop a campus strategy that will deliver an excellent learning environment that responds to the site and its context, the ability to expand the College, and potentially connect with the town centre and increasingly engage with the wider community.

To meet this vision, the project proposes the construction of three new floors added vertically to the existing single storey building. The existing storey accommodation generally contains teaching rooms, a library, and breakout spaces. The proposed new extended accommodation will generally comprise of new additional teaching spaces, as well as additional breakout areas, storage facilitates, and a new server room.

The scope of the procurement is to appoint a Principal Contractor for the delivery of the

University Building Extension. The successful tenderer/contractor awarded such a contract must be fully available to mobilise in early July 2023.

The Contract terms and conditions will be JCT Design & Build Building Contract (2016), with Special Conditions, which are available as part of the ITT.

The College has procured Project Team and Design Services to complete up to RIBA Stage 3.

The following Design Disciplines are proposed to be novated to the Principal Contractor.

- Architect (lead Designer) - ABW Architects
- Civil & Structural Engineering Consultants - Waterman Group.
