Description of risks to contract performance

Published Framework Value (Tender Notice): The advertised spend for legal services as specified in the procurement documents and this Tender Notice is indicative only. This value

reflects the anticipated demand; however, actual expenditure may vary due to the unpredictable nature of legal requirements and the varied resource constraints of the LBLA members. In the event that this known unknown risk materialises, the Authority reserves the right to undertake a permitted modification in accordance with Schedule 8(5)(a) of the Act.

Advertised Lot Values: The advertised lot values for this framework have been determined on the basis of current market conditions, anticipated framework utilisation, and the terms of the existing framework (terminating in 2026). The Authority recognises that future changes in market conditions may result in discrepancies between the estimated and actual values.

In the event that this known unknown risk materialises, the Authority reserves the right to undertake a permitted modification in accordance with Schedule 8(5)(a) of the Act.

Tenderers' Pricing Submissions: Tenderers must submit prices to be fixed for the duration of the contract, subject to a potential permitted annual indexation adjustment, commencing on the first anniversary of the contract. Price adjustments will be permitted based on movements in the Consumer Price Index (CPI) as published by the Office for National Statistics (or any successor index). These adjustments are subject to a cap of 3% per annum (as such, if the actual CPI increase surpasses 3%, the applied adjustment will still be limited to 3%).

It is acknowledged that the overall estimated framework spend published in this tender notice may be exceeded and that the permitted pricing adjustments may be a contributing factor in the final framework value exceeding the initially advertised amount.

In the event that the overall framework spend exceeds the advertised value, the Authority reserves the right to vary the framework agreement during its term in accordance with Schedule 8(5)(a) of the Act.
