II.2.4) Description of the procurement

The procurement for Syringes and Needles is for the administration of future pandemic vaccine candidates that are not yet available, but form part of the UK's overall vaccine programme. These products will be distributed by Public Health England.

The Supplier(s) awarded to this Contract will be required to deliver the required volume of the awarded products as stated within the tender documents to prescribed Movianto UK (or other nominated) Depots.

It is anticipated that the following volumes will be required:

Product volume requirement for morbidly obese (longer needle) is 5,760,000 eaches (1,920,000 x3 deliveries).

Potential requirement for morbidly obese (longer needle) is 2,720,000 eaches.

Applicants will be required to submit samples in the form of 1 x UOS of Ward Ready Products ("products for verification") for each product bid against the evaluated Product Line(s) by mid June 2021.

NHS Supply Chain anticipates appointing the highest scoring Applicant who meet the minimum requirements, which are set out in the tender documents to the relevant Product Line.

Applicants may bid for one or more Product Lines, however it should be noted that where they are the highest scoring Applicant for the 60% volume line their offer for the associated 40% volume line, if bid, will not be considered for evaluation. However, NHS Supply Chain reserves the right to to award the full 100% volume to one Applicant in the event no other compliant bids are received.

Please refer to the tender documents for further information in respect of the Award.

Section VI. Complementary information

VI.3) Additional information

The purpose of this notice is to draw attention to a procurement that NHS Supply Chain intends to commence imminently. The invitation to tender will be the subject of a separate notice and it is that notice to which potential suppliers will need to respond at the appropriate time.

Due to the nature of this procurement activity for the COVID-19 Vaccination Programme and the delivery schedule requirements, the following certification will be a requirement of the upcoming tender exercise.

Applicants will therefore be required to provide evidence, as part of their tender submission, that they hold (in-date) the following certifications:

- It will be a requirement of the tender process for all Applicants to hold (in-date)

ISO9001:2015 accredited by the United Kingdom Accreditation Service (or equivalent) to cover all segments of the Applicant's and the product's supply chain. This should include, but not be limited to, manufacturing, storage and distribution. If such certificates are not in the name of the Applicant then the Applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.

- Public Liability Insurance of £5m per claim in the name of the Applicant

- Product Liability Insurance in the name of the Applicant of £5m per claim or £5m per claim and in the annual aggregate

- Declaration of Conformity and CE Certification to demonstrate compliance to Medical Devices Directive 93/42/EEC or Medical Device Regulation 2017/745 (where applicable).

NHS Supply Chain intends to enter into arrangements under which it will be entitled to purchase supplies and/or services which it will make available for purchase by

1) any NHS Trust;

2) any other NHS entity;

3) any government department, agency or other statutory body and/or 4) any private sector entity active in the UK healthcare sector.

Only Public Health England and NHS Supply Chain can order under the Contract.
