Description of options

x2 5-year option periods to extend the contract to the current Out of Service Date of the Merlin platform (2040).

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The Merlin Delivery Team, part of the Ministry of Defence, intends to award a contract to Safran Helicopters UK Limited (Safran) for support of the RTM322 Engine (Engine) used on the Merlin helicopter platform. The contract will be for 17 years (2023 to 2040) and have an estimated value of £700M ex VAT.

In accordance with regulation 4 of The Defence and Security Public Contracts (Amendment) (EU Exit) Regulations 2019 (SI 2019/697) this contract falls to be regulated under the provisions of the Defence and Security Public Contracts Regulations 2011 as amended (in particular by SI 2019/697 and SI 2020/1450). Prior publication of a contract notice in the Official Journal of the European Union is no longer appropriate. It is considered that the award of this contract without prior publication of a contract notice in the UK e-notification service (as required by the relevant legislation) is lawful in accordance with regulation 16(1)(a)(ii) of the Defence and Security Public Contracts Regulations 2011 for technical reasons. This is because Safran is the Original Equipment Manufacturer (OEM) of the Engine and has maintained it since it came into service in 1998. As OEM, it is the only company with the drawings, information, expertise and tools to provide the necessary technical support and to ensure compliance with safety and airworthiness requirements.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2022/S 000-018581](#)

IV.2.9) Information about termination of call for competition in the form of a prior information notice

The contracting authority will not award any further contracts based on the above prior information notice

Section V. Award of contract

Contract No

701580378

Title

Engines Future Support

A contract/lot is awarded: Yes

V.2) Award of contract
