#### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

#### **II.2.4) Description of the procurement**

The Supplier(s) appointed to this Lot will be expected to be able to provide a solution for the supply of products that has been developed specifically for a Customer. Rather than relying on a Supplier's existing branch network and other resources, this Lot is for Customers who want to design and implement a bespoke supply service consisting of resource that is dedicated to the Customer and will aim to increase the efficiency of material supply to their operatives. The dedicated resource may include methods, locations, vehicles, supply points and staff.

The products to be supplied under the Lot include general building, electrical and plumbing products. These products are essential to ensuring that the Customer's maintenance teams, who provide a business-critical service, can complete a range of repairs to the required quality and timeframes. There may be occasions when a Customer procures these products for use in other contexts, for example for use in the completion of planned maintenance works.

The Lot will provide the Customer with the option for a range of supply methods including a managed store, collections at a counter, a delivered service (single or multiple addresses) and van stock replenishment.
