General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

LCC - Provision of Food Waste Processing and Transportation Services for Lincolnshire County Council

Reference number

DN663863

II.1.2) Main CPV code

- 90000000 - Sewage, refuse, cleaning and environmental services

II.1.3) Type of contract

Services

II.1.4) Short description

The services being procured as part of this Procurement are the haulage and treatment, via anaerobic digestion, of domestic and Trade Food Waste and its Leachate. The Contract will run for a period of five years commencing 1st September 2025. There will be an option for the Council to extend the Contract by two periods of up to two years each to a maximum contract term of nine [9] years. The Contract will be Lotted into two Lots - North and South - and Suppliers can bid for one or both Lots.

At present domestic Food Waste is co-mingled with residual waste and disposed of with residual waste by incineration, however, the Council anticipates that household collections of separated Food Waste will commence from 2025, with a two -phased approach with Gainsborough and Sleaford WTS commencing separate weekly Food Waste collections from autumn 2025 and the remaining 5 WCAs commencing collections throughout winter 2025 with all collecting Food Waste by 31st March 2026.

Food Waste will be collected weekly by the WCAs and be delivered to the Customer's waste transfer stations to be bulked up and collected by the Supplier for haulage to the Supplier's Facility for treatment. Food Waste may be presented loose, within a bag or other packaging. The Supplier is expected to collect and handle the Food Waste in this form. Leachate will be stored in tanks which the Supplier will empty and haul to the Supplier's Facility for treatment. It is estimated that, once all Collection Points are collecting Food Waste, the volume of Food Waste shall be approximately 30,000 – 50,000 tonnes per year, though this is not guaranteed, and actual volumes presented may vary

from this figure. The volume of leachate from the Food Waste is currently unknown although the Customer anticipates the tanks will require emptying on a weekly basis and the tanks will be between 2,800 litres and 3,800 litres depending on the size of the WTS.

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

North

Lot No

1

II.2.2) Additional CPV code(s)

- 90510000 - Refuse disposal and treatment

II.2.3) Place of performance

NUTS codes

II.2.4) Description of the procurement

The services being procured as part of this Procurement are the haulage and treatment, via anaerobic digestion, of domestic and trade Food Waste and its Leachate. The Contract will run for a period of five years commencing 1st September 2025. There will be an option for the Council to extend the Contract by two periods of up to two years each to a maximum contract term of nine [9] years. The Contract will be Lotted into two Lots - North and South - and Suppliers can bid for one or both Lots.

Lot 1 - North - comprises of the following Waste Transfer Stations;

Louth, Gainsborough and Lincoln

At present domestic Food Waste is co-mingled with residual waste and disposed of with residual waste by incineration, however, the Council anticipates that household collections of separated Food Waste will commence from 2025, with a two-phased approach with

Gainsborough and Sleaford WTS commencing separate weekly Food Waste collections from autumn 2025 and the remaining 5 WCAs commencing collections throughout winter 2025 with all collecting Food Waste by 31st March 2026.

Food Waste will be collected weekly by the WCAs and be delivered to the Customer's waste transfer stations to be bulked up and collected by the Supplier for haulage to the Supplier's Facility for treatment. Food Waste may be presented loose, within a bag or other packaging. The Supplier is expected to collect and handle the Food Waste in this form. Leachate will be stored in tanks which the Supplier will empty and haul to the Supplier's Facility for treatment. It is estimated that, once all Collection Points are collecting Food Waste, the volume of Food Waste shall be approximately 30,000 – 50,000 tonnes per year, though this is not guaranteed, and actual volumes presented may vary from this figure. The volume of leachate from the Food Waste is currently unknown although the Customer anticipates the tanks will require emptying on a weekly basis and the tanks will be between 2,800 litres and 3,800 litres depending on the size of the WTS.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

Yes

Description of renewals

There is the option to extend by 2 further periods of up to 2 years to a maximum contract period of 9 years.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
