Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Joint Waste Enforcement Procurement

Reference number

DN645602

II.1.2) Main CPV code

- 79700000 - Investigation and security services

II.1.3) Type of contract

Services

II.1.4) Short description

1.1.1 The London Borough of Ealing as lead procurement authority ("the Council") is working with the London Boroughs of Harrow and Hounslow and Camden to put in place a joint arrangement for waste enforcement. This joint arrangement will supersede the individual arrangements which the Councils have. Camden may choose to join this joint arrangement after the end of their contract,

1.1.2 The Councils intend to let a new contract for a term of 3 years with an option to extend for 3 additional terms of one year each.

1.1.3 Each Council will be a contracting authority for the purposes of the services contract.

1.1.4 The Council is carrying out this procurement using the Competitive Procedure with Negotiation under European Directive 2014/24/EU as implemented in the UK by the Public Contracts Regulations 2015 (Statutory Instrument Number 102, 2015) (as amended)

1.1.5 The Council will conduct a pre-qualification (Selection Questionnaire) exercise to identify suitable bidders to participate in this procurement. The top 4 highest scoring Bidders will be invited to tender ("The Bidders") and to take part in the negotiating element.

Should the gap between the 5th and 6th highest scoring SQs be less than 2% the Council

will take forward 5 firms to the ITN stage. Under the “Clear Blue Water” principle the 6th firm will be taken forward if it is less than 2% behind the 5th firm.

[Note: the document pack, issued to interested parties, around the time of publication of the FIND A TENDER SERVICE notice includes both the SQ and the subsequent ITN document set. In the first instance bidders should address themselves to the SQ only]

1.1.6 There is a strong ethos of collaboration underpinning the Joint Waste Enforcement consortium. Partners will be endeavouring to standardise procedures wherever possible to allow Bidders to generate economies of scale.

1.1.7 Bidders will be expected to identify in their initial tender, how they propose to accommodate the requirements of the consortium as enshrined in the Specification, bid-back pricing schedule and other tender documents. All these documents are listed in Appendix 10 to this document.

1.1.8 During the negotiation the following topics will be covered (although on an equal opportunities basis, with sufficient time being granted to respond, other topics of negotiation may be introduced):-

The pricing assumptions behind the bid back fine income share. This to include risk-based pricing elements which reduce the income yield to the Councils

The number of employees to be deployed to the service for each Council

The technology to be employed

How you would approach the interface with the Councils’ legal services and downstream Court activity

II.1.5) Estimated total value

Value excluding VAT: £6,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 90715000 - Pollution investigation services

II.2.3) Place of performance

NUTS codes

- UKI - London

II.2.4) Description of the procurement

This is a competitive procedure with negotiation procedure for waste enforcement for the 4 participating London Boroughs

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

72

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No
