II.2.14) Additional information

The contract duration will depend on the achievement of financial close and completion of post close activities. Xlinks will be entitled to extend the contract by up to 12 months.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.4) Objective rules and criteria for participation

List and brief description of rules and criteria

Qualification and registration to provide legal services in the relevant jurisdiction for the Lot;

Experience of the Bidder in providing legal services of the type required for the relevant Lot; Ability of the Bidder to provide legal services to Xlinks in fluent business English.

See the Supplier Questionnaire for further details.

Xlinks reserves the right to restrict participation in the tender to no more than 10 Bidders per Lot, selected on the basis of the qualification criteria set out in the Supplier Questionnaire.

Bidders are encouraged to submit a proposal in conjunction with other law firms in order to provide a proposal covering all Lots, but Xlinks reserves the right to award individual Lots. Bidders are not permitted to condition their proposal for any Lot on award of any other Lot.

Section IV. Procedure

IV.1) Description

IV.1.1) Form of procedure

Restricted procedure

IV.1.11) Main features of the award procedure

The Tender document will set out further detail on the Project and the work scope for each Lot. Bidders will be evaluated on the experience of their proposed team members in advising on similar projects and issues, their pricing proposals, and their commercial approach and methodology for performing the services. Further detail on the evaluation criteria and weighting will be set out in the Tender document. Following evaluation of the tenders, Xlinks reserves the right to nominate a short list of bidders for further negotiations. The eliminated bidders will not be considered for further negotiations and they will be notified accordingly. Further detail of the anticipated process will be set out in the Tender document.

Xlinks considers that the Utilities Contracts Regulations 2016 (UCR2016) may potentially apply to the award of contracts under Lot 5. As a result, it is Xlinks' current intention, on a voluntary basis, to follow the procedures set out in UCR2016 as regards the award of the contract for Lot 5. A voluntary standstill period will be applied.

However, Lots 1 to 4 are anticipated to cover activities the main subject matter of which is outside the UK and/or is not a utility activity. Lot 6 is below the threshold set out in Regulation 16 of the UCR2016. On this basis, Xlinks considers that it is clear that the contracts for Lots 1 to 4 and 6 are exempted from UCR2016 at least under Regulation 19(1)(b) and/or Regulation 6(2)(b) or (for Lot 6) Regulation 16 UCR2016. Xlinks does not consider that UCR2016 are engaged as regards the award of contracts for those Lots. Xlinks is publishing this notice voluntarily as regards Lots 1 to 4 and 6. Xlinks reserves the right to establish its own process for the award of contracts under Lots 1 to 4 and 6 and does not consider itself bound by UCR2016 in relation to these Lots. A voluntary standstill period will not be applied to Lots 1 to 4 and 6.

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

12 May 2022

Local time

6:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English
