II.2.4) Description of the procurement

This is a joint re-tender with NHS England and NHS Improvement South East, and Surrey County Council for Sexual Health and HIV services. It is anticipated that the new contracts will commence during the spring of 2022 and will have a contract length of 60 months with an option to extend for a further period of 24 months. The two services will be commissioned from a single provider and will be delivered via separate contracts, with the County Council holding a contract for Sexual Health Services and NHSE/I responsible for the HIV services. Sexual Health services are statutory services which Local Authorities are required to provide as part of their Public Health responsibilities. At this time, the Commissioners would like to determine the level of provider interest from all sectors (including voluntary and third sector) in preparation for a forthcoming market discussion. Expressions of interest are welcome from providers who may be interested in bidding for these services, either in their own right or as a subcontractor or partner. This market discussion is being carried out by Orbis Procurement on behalf of the Commissioners. If you are not already registered on the tendering system you will need to do so before you can fully access the opportunity. On registration, please include at least two contacts to allow for access to the system in times of absence. Link here: <https://in-tendhost.co.uk/sesharedservices.aspx/Tenders/Current>
