The Procurement will be undertaken through a Competitive Dialogue process during which the Council will prioritise the following aspects (which are not in any order): -

Provision of a service that has maintenance and contingency processes in place to ensure the solution has inherent resilience and minimum periods of unavailability.

A solution that integrates the weighbridges operated by the Council under one solution in a manner that standardises their operation and incorporates automation in its operation as much as reasonably possible.

A solution that manages and handles all data generated by the solution in an easily accessible form allowing the Council to interrogate the operations of its sites remotely on a live basis.

A solution that supports the Council in managing the day-to-day functions in a manner that is compliant with legislation and any statutory guidance.

A solution for which a payment charge by waste type and volume can be made (for example from businesses delivering waste).

All SQ submissions received (that are compliant i.e. submitted in accordance with the instructions) will be assessed in accordance with the selection criteria as set out in the document. Following assessment of the technical capacity or professional ability, and the economic and financial standing of each Tenderer, the Council intends to take all Tenderers that meet the stated selection criteria into the next stage, the Invitation to Participate in Dialogue (ITPD).
