Urban railway, tramway, trolleybus or bus services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Elephant & Castle Station Capacity Upgrade

II.1.2) Main CPV code

- 45221247 - Tunnelling works

II.1.3) Type of contract

Works

II.1.4) Short description

Transport for London Limited is undertaking its procurement for Stage 1 of the Station Capacity upgrade at Elephant & Castle Station and would like to advertise the opportunity through the publication of this Contract Notice. This follows the pre procurement market engagement and Industry day that was held on the 27th of May 2022 following the publication of the Periodic Indicative Notice reference; 2022/S 000-011076, and the further market engagement and Industry day that was held on the 17th of March 2023 following the publication of the Periodic Indicative Notice reference; 2023/S 000-004794.

Elephant & Castle Station Capacity Upgrade is a key element of the Mayor's 2018 Transport Strategy to deliver step-free access and capacity improvement across the London Underground network. The station upgrade forms part of the wider redevelopment of Elephant & Castle as further described in the procurement documents, and is essential to support the delivery of over 10,000 new jobs and 5,000 new homes across the Elephant & Castle opportunity area.

IMPORTANT: All interested organisations are required to express their interest via the project specific email address: ecscu@tfl.gov.uk. A Confidentiality Agreement will then be required to be completed (unchanged) prior to receiving access to the procurement documents as these contain information which is confidential to TfL. Once the Confidentiality Agreement has been returned, interested organisations will be invited to the sourcing event on SAP Ariba and will have full access to the procurement documents. Further details are included within section II.2.14 below.

Organisations wishing to participate in this opportunity will then be required to provide their responses to the Standard Selection Questionnaire (SSQ) via SAP Ariba by no later than 12:00 noon on the 05th of June 2023.

Further information on the Elephant & Castle Station Capacity Upgrade Project can be obtained at: <https://tfl.gov.uk/travel-information/improvements-and-projects/elephant-and-castle-station>

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45221240 - Construction work for tunnels
- 45221247 - Tunnelling works
- 45221248 - Tunnel linings construction work
- 45262310 - Reinforced-concrete work
- 45315100 - Electrical engineering installation works
- 71311000 - Civil engineering consultancy services

II.2.3) Place of performance

NUTS codes

- UKI - London

Main site or place of performance

London Borough of Southwark

II.2.4) Description of the procurement

The Elephant & Castle project requirements have been set out to achieve the following;-

- Provide a new integrated ticket hall integrated within the Elephant & Castle shopping centre redevelopment, replacing the current Northern Line ticket hall and entrance, and safeguarding for future planned upgrades to the Bakerloo Line.
- Deliver enhanced capacity to support long term growth across the Elephant & Castle Opportunity in the E&C area to meet projected increase in NL demand for year 2031 (+30%) to support the projected new homes and jobs.
- Optimise passenger journey times
- Provide Step-Free Access (SFA) from street to train (both NL platforms)
- Improve emergency evacuation conditions for the Northern Line areas
- Improve ambience and passenger experience
- Deliver in two Stages, early enabling and civils construction (Stage 1) and fit out/bringing into use (Stage 2)

TfL will be seeking to appoint a single supplier to deliver Stage 1 as part of this

procurement process for the Station Capacity Upgrade at Elephant & Castle Station which will incorporate the following elements of works;

- the design and construction of new connecting passenger tunnels between the new Station Box and the existing London Underground Station, including the associated enabling works.
- the design and construction of sections of the new station box temporarily omitted (by the Developer from the construction of the new station box) to facilitate the Tunnelling Works.

Additional Options set within the Contract to instruct;-

- the design and delivery of localised premises and MEP works to implement the temporary condition at the interface between the new tunnels and the existing station.

and as more amply defined within the procurement documentation.

The scope for Stage 2 fit-out/bringing into use does not form part of the scope for this procurement.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

42

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Maximum number: 4

Objective criteria for choosing the limited number of candidates:

A maximum of 4 Bidders will be shortlisted to the Invitation to Tender (ITT) stage following evaluation of the Standard Selection Questionnaire (SSQ) stage.

And as further detailed within the procurement documentation.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

Additional Options set within the Contract to instruct;-

- the design and delivery of localised premises and MEP works to implement the temporary condition at the interface between the new tunnels and the existing station.

and as more amply defined within the procurement documentation.

II.2.14) Additional information

TfL have recently switched to a new sourcing system, SAP Ariba, meaning that TfL's processes are now different to those that suppliers may be familiar with. To be able to participate, suppliers must be registered on SAP Ariba.

To register or to check if you are already registered to SAP Ariba, log on to <https://service.ariba.com/Supplier.aw>. Interested parties must read the instructions carefully before proceeding with registration. For help on using the SAP Ariba system, please refer to https://support.ariba.com/Adapt/Ariba_Network_Supplier_Training. If the problem persists please contact Ariba_Supplier_Enablement@tfl.gov.uk

If you should encounter any issues then please contact the project specific email address above.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

IMPORTANT: All interested organisations are required to express their interest via the project specific email address: ecscu@tfl.gov.uk.
