Description

Cardiff and Vale University Health Board (CAVUHB) provides health services to a population of around 472,400 people living within Cardiff and the Vale of Glamorgan.

To ensure the smooth running of CAVUHB's operations, they require Surveying and Maintenance of the Uninterrupted Power Supply (UPS). This ensures continued supply of power for life serving support such as critical care beds, theatres, x-ray, CT scanners and emergency lighting in the case of emergency.

The contract will involve 6 monthly surveying of the power supply to ensure all equipment is in working order. Remedial work is then to be picked up should any issues arise

CAVUHB posted an open FTS tender on the 15th October for this opportunity. The

evaluation of the responses received has now concluded and CAVUHB are in a position to award this contract.
