The GMC is looking for consultancy advice to provide us with a strategy and implementation roadmap for our journey to net zero carbon.

We are looking for consultants who can offer expert advice tailored to our position as a public body/charity. We do not own any of our offices and therefore require a plan that takes this into consideration i.e. how we can achieve results as tenants in multi-tenanted buildings. We operate seven sites across Manchester, London, Cardiff, Belfast and Edinburgh ranging from 5853m² to 140m².

We are particularly interested in the outputs at each stage of the roadmap and as this is a developing area of work for the business, there may be the need for ongoing support after the initial phases of work.
