The contracting authority (i.e. the Council of the Borough of Kirklees) considers that this Framework Agreement may be suitable for economic operators that are small or medium enterprises ("SMEs"). However, any selection of economic operators will be based solely on the criteria set out for the procurement, and the Framework Agreement will be awarded on the basis of the most economically advantageous tender based on lowest price only. The award criteria is set out in the procurement documentation (available to download at <https://yortender.eu-supply.com>). With regards to the estimated total value of works for the entire duration of the Framework Agreement, please note the values stipulated in Section II.1.5 of this Notice above covers the potential spend of Council of the Borough of Kirklees, throughout the duration of the Framework Agreement. Notwithstanding the range of values stipulated in Section II.1.5, however, for the avoidance of doubt please note that:

i) The estimates given in Section II.1.5 of this Notice are strictly estimated values only.

ii) Any information supplied in the Tender Documents as to the likely volumes of works or the times when they are likely to be required are given purely as indication of past experiences of the Council.

iii) The anticipated usage of this Framework Agreement is unknown at present. Tenderers should note that it is not possible to establish an exact future workload and it is therefore not possible to guarantee that all or any of the successful economic operators with whom Kirklees Council enters into the Framework Agreement will in fact be called upon to execute Services on behalf of the Council. Unless otherwise specifically stated elsewhere in the Tender Documents, there is no minimum or maximum value/quantity of Services that may be ordered on anyone occasion and the rates tendered must therefore reflect the likelihood of varying magnitude of Services and types of Services.

iv) The Council is not bound to enter into any Services Order or other contract following discussions or other representations and the Council shall not incur any liability in respect of any failure to enter into any Service Contract or in connection with the total volume, type of Services or value of Services anticipated by the economic operators or which any economic operator is asked to carry out.

VI.4) Procedures for review

VI.4.1) Review body

High Court of England and Wales

United Kingdom

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

In accordance with Regulation 86 (Notices of decisions to award a contract or conclude a framework agreement), Regulation 87 (Standstill periods) and Chapter 6 (Applications to Court) of the Public Contract Regulations 2015 (SI 2015/102), the principal contracting authority has incorporated a minimum ten (10) calendar day standstill period at the point that information on the conclusion of the Framework Agreement was communicated to Contractors. This period allowed any unsuccessful Contractor(s) to seek further debriefing from the contracting authority before the award (or non-award) of the Framework Agreement. Such additional information should have been (and can still be) requested from the address at Sections I.1 and I.3 of this Notice above. If an appeal regarding the award (or non-award) of the Framework Agreement has not been successfully resolved,

then the Regulations provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be started within thirty (30) days beginning with the date when the aggrieved party first knew or sought to have grounds for starting the proceedings had arisen. The Court may extend the time limited for starting proceedings where the Court considers that there is a good reason for doing so, but not so as to permit proceedings to be started more than three (3) months after that date. Where the Framework agreement has not been awarded, the Court may order the setting aside of the award decision or reorder the contracting authority to amend any document and may award damages. If however the Framework Agreement has been awarded, the Court may only award damages or, where the contract award procedures have not been followed correctly, declare the Framework Agreement to be ineffective.
