Section II: Object

II.1) Scope of the procurement

II.1.1) Title

PR5880 Royal Free London Compliance Programme: Phase 2 - Compartmentation, Fire Doors and Fire Alarms

Reference number

DN530167

II.1.2) Main CPV code

- 50000000 - Repair and maintenance services

II.1.3) Type of contract

Services

II.1.4) Short description

Partners Procurement Service ("PPS") on behalf of the Royal Free London NHS Foundation Trust (the "Authority") is issuing this Invitation to Tender ("ITT") in connection with the competitive procurement of the Royal Free London Compliance Programme: Phase 2 - Compartmentation, Fire Doors and Fire Alarms.

The objective of the works is to address areas that present numerous fire safety deficiencies in the Royal Free Hospital building. This includes fire doors that are no longer fit-for-purpose or substandard, lack of fire-stopping and breaches in compartmentation as well as to ensure there is a fully compliant fire alarm system. These works are to ensure there is a fully compliant fire compartmentation and fire alarm system.

The procurement will be divided into two Lots that will run parallel to each other:

- Lot 1: Fire Alarm Installations, Podium Levels
- Lot 2: Fire Alarm Installations, Tower Levels

II.1.5) Estimated total value

Value excluding VAT: £6,400,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 2

II.2) Description

II.2.1) Title

Lot 1: Fire Compliance Programme – Phase 2 – Compartmentation, Fire Doors and Fire Alarms Part 1, Podium Levels

Lot No

1

II.2.2) Additional CPV code(s)

- 50000000 - Repair and maintenance services
- 51700000 - Installation services of fire protection equipment

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

A bidder may bid for one or both lots, however, each submission for each lot is standalone and a full separate response is required for each lot to be compliant.

The objective of the works is to address areas that present numerous fire safety deficiencies in the Royal Free Hospital, Hampstead building. This includes fire doors that are no longer fit-for-purpose or substandard, lack of fire-stopping and breaches in compartmentation as well as to ensure there is a fully compliant fire alarm system. These works are to ensure there is a fully compliant fire compartmentation and fire alarm system. The works generally consist of

the following:

- Design works as required;
- Fire compartmentation repairs and alterations;
- Fire door repairs and replacements;
- Fire damper repairs and replacements;
- Programming, commissioning and witness testing of installations progressively; and
- Provision of accurate record drawings, zone plans, component logs and asset register.

Fire Doors: All fire rated doors will be installed with 60-minute protection with associated ironmongery set out via door schedules

Fire Dampers: Repair or installation of Blue River compatible smoke dampers will be commissioned and interfaced with the fire alarm systems on all current fire break breaches. The project may also extend to the removal of those fire and smoke dampers which are not required. This includes the physical removal of the redundant dampers along with their power and controls.

Compartmentation: Fire compartment and sub compartment wall repairs will be as appropriate to the existing material which may be blockwork, stud and plasterboard or solid plaster panel construction. Fire rated lines will consist of 60 minutes to compartment line and 90 minutes to protected shafts and service risers.

Fire Alarm: The objective of the works is to ensure there is a fully compliant fire alarm system to L1 throughout all areas, including the installation of additional detection, re-zoning, new sounder bases and removal of old equipment including bells and bell circuits.

Central to these compliance objectives is the need for a design risk assessment, which should be undertaken as an integral design process, taking into account current use and occupancy of the areas concerned.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £3,200,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

18

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
