Published 27 March 2025, 1:41pm

Scope

Reference

UoS/DH/24/25/QTR3/

Description

Salford DIT have two Data Centres on site that provide IT services to the University both Data Centres are protected by a UPS and a generator in case of any site power failures.

The UPS's (Uninterrupted Power Supply) provides battery backup power to the Data Centres in the event of a power failure.

In the event that the UPS fails all power will be lost to the Data Centre with the loss of critical IT services.
