II.2.4) Description of the procurement

1. The Service Provider must be a UKAS (United Kingdom Accreditation Service) accredited certification body, or equivalent, by those accreditation bodies that are members of the European or international multilateral agreements (i.e. those operated by EA, ILAC and IAF) and must be accredited to conduct verification of annual emissions data and if applicable, verification associated with Free Allocation of the UK Emissions Trading Scheme, (UK ETS) in accordance with the Greenhouse Gas Emissions Trading Scheme Order 2020.

2. The Service Provider's assessors must be:

- a. International Register of Certificated Auditors (IRCA) registered;
- b. lead or principal auditors;
- c. have sufficient resources qualified to provide assessment and certification against multiple ISO Standards for all entities specified within the scope of this contract. The details of the scope of existing accreditation/certifications which need to be provided can be found within Annexe 2 of this document. Services required include Quality Management Systems (QMS), Environmental Management Systems (EMS), Health and Safety Management Systems (HSMS), UK Emissions Trading Scheme (UK ETS), Energy Management Systems, Asset Management Systems, Information Security Management

Systems, Collaborative Business Relationship Management Systems, and Business Continuity Management Systems (BCMS) assessments; and

d. have experience in quality, energy, environment, health & safety, information security, business continuity, and experience of the nuclear industry or equivalent similar industry

e. Must have the capability to conduct combined visits assessing against ISO standards 9001/14001/45001/55001.

f. Must be able to provide a combination of both remote services and site visits where required.

3. Where certification is required for three or more standards it is a requirement that the Service Provider's assessors are qualified to audit against a minimum of two of the standards ("Standards" shall include, but not be limited to ISO Standards

9001/14001/22304/27001/44001/45001/50001/55001, ISO 14064, ISO 22301, OHSAS 18001, BS 25999 and legislation, such as UK ETS and the service provider must be able to manage multiple certifications in a cost effective way.

The full proposed Scope can be found on Atamis Independent Certification Assessment Services PIN. (Record ref C19464)

II.2.14) Additional information
