II.1.4) Short description

PM2.5 Site Establishment – Project Delivery

The Authority manages and maintains national air quality monitoring networks including the Automatic Urban and Rural Network (AURN)) to meet the requirements of EU and UK legislation. The air quality monitors are located around the UK within the Zones and Agglomerations and are housed in standalone enclosures of varying sizes.

A supplier is required to lead project management and delivery of new construction works for Air Quality Monitoring sites for circa 70 sites over the next 2 years. The project requires flexibility hence the extension years until 2029, as the delivery timescales are challenging.
