Community benefits are included in this requirement. For more information see:

<http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2361>

A summary of the expected community benefits has been provided as follows:

The Scottish Public Sector is committed to the delivery of high quality public services, and recognises that this is critically dependent on a workforce which is well-rewarded, well-motivated, well-led, has access to appropriate opportunities for training and development, is diverse and inclusive, and can influence decision making. These factors are also important for workforce recruitment and retention, and thus continuity of service delivery.

Public bodies in Scotland are committed to applying the Fair Work First criteria in their own organisation and in publicly funded supply chains

Fair Work First is the Scottish Government's policy for driving good quality and fair work in Scotland. Through this approach, the Scottish Government, and its public sector partners, are asking bidders to describe how they are committed to progressing towards adopting and how they intend to continue embedding the five Fair Work First criteria:

appropriate channels for effective voice, such as trade union recognition

investment in workforce development

no inappropriate use of zero hours contracts

action to tackle the gender pay gap and create a more diverse and inclusive workplace;
and,

providing fair pay for workers (for example, payment of the real Living Wage).

In order to ensure the highest standards of service quality in this contract we expect suppliers to commit to progressing towards adopting the five Fair Work First criteria in the delivery of this contract as part of a fair and equitable employment and reward package as a route to progressing towards wider fair work practices set out in the Fair Work Framework.

Additional Community Benefits objectives for this Procurement are outlined in the Tender Overview.
