II.1.4) Short description

Wakefield Council is seeking to procure a provider to deliver an adult population health and wellbeing survey.

Wakefield District is the 54th most deprived district in England (out of 317), with an adult population of around 280,000. It is an increasingly diverse district with many different communities and neighbourhoods within it. To serve the population effectively, commission services appropriately and ultimately achieve improved outcomes for residents, it is important for all partners of the Wakefield Health and Wellbeing Board to engage with the resident population so that we can understand their needs, perceptions, attitudes and behaviours.
