Dŵr Cymru Cyfyngedig (DCC) Welsh Water intends to initiate a tender process to secure delivery of Water Network Alliance (WNA) Works from 2025 for up to 8 years. DCC is

currently reviewing the precise structure, and nature of works to be undertaken, to both enhance, maintain and extend its current water network assets.

This PIN is issued to launch a market engagement exercise before DCC publish its contract notice which is currently expected to be in late Spring/early Summer 2024. The primary focus of this market engagement is to provide market intelligence and an insight into market availability, to test with the market various options for delivery that will offer the greatest value for our customers, as well as any perceived risks and opportunities. It is not itself a call for tender or a pre-qualification exercise.

The main areas of Works are split into 3 separate Lots as follows:

Lot 1 – Metering & Customer Appointment Programmes

This Lot to include a Progressive metering and reactive meter replacement programme, new connection meter installations, private leakage supply, and communication pipe repairs and replacement, and a lead pipe replacement programme

Lot 2 – Network Maintenance

This Lot to include Leakage water network repairs, water network apparatus repair and maintenance, a standby service, and on-site investigation Works

Lot 3 - Mains Rehabilitation & Mains Laying

The delivery of mains rehabilitation programmes to replace AC Mains and cleanse / replace water mains under a Zonal Delivery Programme. The laying of new mains or diversion of existing mains for Developer Services.
