II.2.4) Description of the procurement at the time of conclusion of the contract:

Contract Award Notice reference: 2023/S 000-030453

Published 16 October 2023

This contract will be for the use of the Department for Work and Pensions (DWP) (Lots 1 to 4) and the Department for Communities in Northern Ireland (Lot 5). The service provision will be primarily contracted through this procurement to the Authority but may allow other Government Departments and their Agencies, Non-Departmental Public

Bodies, and devolved administrations (including but not limited to HM Revenue and Customs, Ministry of Defence, HM Courts and Tribunals Service, National Health and Social Care) to access the services.

To support the determination of an individual's entitlement to benefit, the Authority requires the delivery of a range of compatible and sympathetic Functional Health Assessments (FAS). The results of these assessments form one part of the evidence utilised by the Authority Decision Maker in making the ultimate decision on benefit entitlement on behalf of the Secretary of State.

FAS Suppliers will be expected to deliver functional health assessments in relation to the following benefits:

- Personal Independence Payment (PIP)- <https://www.gov.uk/PIP>
- Employment Support Allowance (ESA)-
<https://www.gov.uk/employment-support-allowance>
- Universal Credit (UC)-
<https://www.gov.uk/government/publications/universal-credit-if-you-have-a-disability-or-health-condition-quick-guide/universal-credit-if-you-have-a-disability-or-health-condition>
- The delivery of assessments/advice associated with 15 other specialist benefits, for both DWP and other Government Departments, including Veterans UK, HM Courts and Tribunals Service and HM Revenue and Customs.

DWP ran a procurement using the Light Touch Regime and a modified process with commercial dialogue in accordance with Regulations 74 to 76 of the Public Contracts Regulations 2015. For Lot 5, DWP conducted aspects of the procurement process on behalf of the Department for Communities (DfC) in Northern Ireland. The procedure is set out clearly in the published Invitation to Tender document.

The service will be divided into five (5) geographical lots:

Lot 1 – Northern England and Scotland

Lot 2 – Midlands and Wales

Lot 3 – South West England

Lot 4 – London, South East & East Anglia

Lot 5 – Northern Ireland

II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

19 September 2023

End date

6 September 2031

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

This notice is in relation to modification of an existing Contract, pursuant to regulation 72(1)(b) of the Public Contracts Regulations 2015 (“PCR 2015”), and is published for transparency purposes.

The Functional Health Assessments (“FAS”) contracts were signed in September 2023 and included an assessment of supplier capacity as of November 2021 (the launch of the procurement). In the intervening period demand for Personal Independence Payment (“PIP”) assessments has continued to rise whilst the Authority has worked with incumbent suppliers to successfully recruit and retain a higher number of Health Professionals (“HPs”) which has enabled the highest ever volume delivery of PIP assessments. The increased number of HPs helps the Authority better meet the demand for assessments across PIP and Work Capability Assessment (“WCA”) (as well as other benefits), and better protects the delivery of the service. Retention of the HP's into FAS ensured that capacity for assessments will meet the current levels of PIP, WCA and other benefits. Collectively, this helps by reducing the length of a customer's journey and minimises the backlog of claims.

In addition to the increased clinical staffing, there were some changes to supplier costs to reflect IT solution changes to address technical constraints and levels of integration.

Pursuant to regulation 72(1)(b) of the PCR 2015, the Authority has agreed an extension to the previous Side Letter with the FAS supplier to vary the FAS contract to cover the increased clinical staffing which leads to the provisions of additional services, in addition to the additional costs to reflect the changes to the IT solution to address various technical constraints. The additional services are required to address an increase in the number of FAS assessments over the number initially envisaged during the procurement. Given that the FAS contract was entered into in September 2023 and the FAS suppliers have recently completed a lengthy hand over period prior to commencing operational services

commencement in September 2024, it would not have been possible to appoint a new supplier to deal with the additional services outlined in this modification notice, as the new supplier would not have had the benefit of the handover period.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Appointing a new supplier to address the additional services would have also led to a significant duplication of costs, due to overlap in supplier personnel and duplication of processes and systems and particularly as during the handover period, the Department was paying incumbent suppliers to deliver the assessment services. There would be interchangeability issues with existing processes and systems with a new supplier which would negatively impact the delivery of key services. A change in supplier without the lengthy handover period and a transition to the new managed IT System would risk the delivery of the services which provide critical statutory benefits to vulnerable claimants. The increase in price does not exceed 50% of the value of the original contract.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptions and average inflation)

Value excluding VAT: £933,737,833

Total contract value after the modifications

Value excluding VAT: £942,350,728
