II.2.4) Description of the procurement

This lot is for roofing system suppliers / manufacturers who will partner and co-ordinate with a team of named 'Approved Installation Contractors' to provide the supply and design of roof coverings with associated components and building works including roof repairs and other associated roofing works.

The scope for this lot includes the design, supply and installation of traditional flat roofing products to include (but not be limited to), Asphalt, systems, Torch on systems such as Bituminous built up roofing systems, Flame free systems such as Single Ply, Bituminous systems, GRP. This may include associated products and works such as flashings, fascia, soffit, weathering and rainwater items.

Appointed Companies for this lot will provide an in-house supported survey, design and technical advice service both to their Approved Installation Contractors appointed to this Framework and to the end Client. The installation of the roofing products supplied by the roofing system suppliers / manufacturers will be carried out by one of the Approved Installation Contractors' nominated by the appointed roofing system supplier / manufacturer as part of their tender submission and who has been subsequently appointed by SPA to this Framework.

During the life of this Framework the companies appointed to this lot will be required to maintain a list of Approved Installation Contractors at all times, therefore if an Approved Installation Contractor is removed or withdraws from the roofing system suppliers / manufacturers' approved list, then they will be expected to be substituted with a new Approved Installation Contractor in line with the requirements of this Framework.

All Approved Installation Contractors nominated by the roofing system suppliers / manufacturers appointed to this lot will be appointed to Lot 5 - Traditional Flat Roofing (Approved Installation Contractors).

This lot is awarded to the roofing system suppliers / manufacturers listed in section V below. The awarded roofing system suppliers / manufacturers will supply roofing products to the Approved Installation Contractors listed in Lot 5 for use in call off contracts entered into by the SPA Partner and Approved Installation Contractor. As a result no call off contracts will be made directly from this lot.

Therefore, in section V a nominal 1 GBP value has been indicated for this lot; please refer to Lot 5 for the maximum value of the Lot associated with Traditional Flat Roofing.

Please refer to the framework guide which will be available from the SPA website for further detail.

Section VI. Complementary information

VI.3) Additional information

As of the date of publication of this notice our frameworks may be used by all contracting authorities in England, Wales and Scotland as defined by the Public Contracts Regulations 2015 and as listed on <https://www.lhc.gov.uk/who-we-work-with/> including, but not limited to Registered social landlords (RSL's), tenant management organisations (TMOs) and arm's length management organisations (ALMOs), local authorities and any subsidiaries and joint-venture vehicles of those local authorities, health authorities, councils, boards and trusts, publicly funded schools, universities and further education establishments, colleges, police forces, fire and rescue services and registered charities.

Please note within each lot listed in section V there are a number of regional areas. For each lot the contractors awarded a position on the framework will have been appointed for one or more of the regional areas available within the lot, but may not be appointed in all regional areas within a lot.

Under the terms of this contract the successfully appointed contractors will be required to deliver community benefits in support of the public body's economic and social objectives. Accordingly, contract performance conditions may relate in particular to social and environmental considerations. The community benefits included in this contract are:

- to generate employment and training opportunities for priority groups,
- vocational training,
- to up-skill the existing workforce,
- equality and diversity initiatives,
- to make sub-contracting opportunities available to SMEs, the third sector and supported businesses,
- supply-chain development activity,
- to build capacity in community organisations,
- educational support initiatives.

Clients wishing to use the framework will need to refer to the further information and guidance document available for this framework which will be available on the SPA website, or request further information from a representative of the LHC group to identify the specific

list of contractors appointed in each regional area within each lot.

This framework will commence on 01 June 2021 and will last for a period of 48 months, ending on 31 May 2025
