## **Civica WEB EDI Renewal? and Software upgrade**

Regional Business Services Organisation, Procurement and Logistics Service

UK5: Transparency notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-011798

Procurement identifier (OCID): ocds-h6vhtk-04fa1e ([view related notices](#))

Published 28 March 2025, 2:28pm

### **Scope**

### **Reference**

20033

### **Description**

?The Dental Web EDI System facilitates the submission of electronic claims by HSC Dentists across the internet in XML format to send to the new FPPS system (the backend payment processing system) and receive response from FPPS in EDIFACT format. BSO FPS currently receives 90% of all Dental claims via this method. It is a critical BSO application.?

EDI is a two-way message broker system between each independent dental practice management system and BSO Dental payments system. This system processes in excess of 140,000 transactions per month. If this service fails, Dental practices will not be paid and the BSO will fail in its statutory obligations as well as suffering serious reputational damage.?

The WebEDI application is written in VB6 and makes use of .NET Framework 2.0 C# components; both of these technologies are no longer supported. VB6 was out of support

in 2008 and .NET Framework 2.0 was out of support in 2017. This currently means that no application changes can be made without first porting the application to supported technologies together with an ever-increasing risk that these out-of-date technologies could be subject to cyber-attack. The continued use of an unsupported technology framework poses an increasing risk to the organisation.

This change is to migrate the WebEDI application to .NET 8 which will resolve the above concerns and minimise the risk of attack?.

## **Contract 1**

### **Supplier**

- [CIVICA UK LIMITED](#)

### **Contract value**

- £135,779 excluding VAT
- £162,934.80 including VAT

Above the relevant threshold

### **Earliest date the contract will be signed**

1 April 2025

### **Contract dates (estimated)**

- 10 April 2025 to 31 January 2027
- 1 year, 9 months, 21 days

### **Main procurement category**

Services

### **CPV classifications**

- 72000000 - IT services: consulting, software development, Internet and support

### **Contract locations**

- UKN - Northern Ireland

---

### **Other information**

#### **Conflicts assessment prepared/revised**

Yes

---

### **Procedure**

#### **Procedure type**

Direct award

## Direct award justification

Single supplier - intellectual property or exclusive rights

BSO are seeking to rely on Schedule 5, Section 5, in relation to the public contract:

(a) due to a particular supplier having intellectual property rights or other exclusive rights, only that supplier can supply the goods, services or works required.

Civica, are the incumbent contractors and own the Intellectual Property Rights (IPR) on the software for Dental EDI web server in NI - they also provide this service for NHS England/Wales who use the same system.
