Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This is a Provider Selection Regime (PSR) confirmation of contract award notice. This contract has been awarded under the Health Care Services (Provider Selection Regime)

Regulations 2023. Direct award process B must be used when all of the following apply:

- the proposed contracting arrangements relate to health care services where patients are offered a choice of provider
- the number of providers is not restricted by the relevant authority
- the relevant authority will offer contracts to all providers to whom an award can be made because they meet all requirements in relation to the provision of the health care services to patients
- the relevant authority has arrangements in place to enable providers to express an interest in providing the health care services.

Where relevant authorities are required to offer choice to patients under the National Health Service Commissioning Board and Clinical Commissioning Groups (Responsibilities and Standing Rules) Regulations 2012 (as amended), they cannot restrict the number of providers and therefore direct award process B must be followed.

Section VI. Complementary information

VI.3) Additional information

This is a Provider Selection Regime (PSR) confirmation of contract award notice. This contract has been awarded under the Health Care Services (Provider Selection Regime) Direct Award Process B

Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award.

Direct award process B must be used when all of the following apply:

- the proposed contracting arrangements relate to health care services where patients are offered a choice of provider
- the number of providers is not restricted by the relevant authority
- the relevant authority will offer contracts to all providers to whom an award can be made because they meet all requirements in relation to the provision of the health care services to patients
- the relevant authority has arrangements in place to enable providers to express an interest in providing the health care services.

Where relevant authorities are required to offer choice to patients under the National Health Service Commissioning Board and Clinical Commissioning Groups (Responsibilities and Standing Rules) Regulations 2012 (as amended), they cannot restrict the number of providers and therefore direct award process B must be followed.
