Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Lymphoedema Garments and Accessories

II.1.2) Main CPV code

- 33698000 - Clinical products

II.1.3) Type of contract

Supplies

II.1.4) Short description

St George's University Hospitals NHS Foundation Trust is a large tertiary teaching hospital in South West London serving a population of approximately 1.3 million people across South West London and neighbouring areas. The Trust hosts regional specialist services including vascular, plastics, oncology, dermatology and rehabilitation pathways, and provides outpatient-based lymphoedema management services.

II.1.5) Estimated total value

Value excluding VAT: £3,600,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 33141113 - Bandages

II.2.3) Place of performance

NUTS codes

- UKI34 - Wandsworth

II.2.4) Description of the procurement

The Trust is providing advance notice of its intention to commence a competitive procurement under the Procurement Act 2023 for the supply of lymphoedema garments and associated products to support patients with chronic oedema and lymphoedema.

The procurement will support an estimated cohort of approximately 5,500 patients per year and is critical to maintaining continuity of care within established clinical pathways.

The contract will cover the provision of clinically appropriate compression therapy products, ensuring timely patient access and supporting the reduction of clinical risks associated with unmanaged lymphoedema (for example avoidable cellulitis admissions).

The scope of supply is expected to include, but is not limited to:

- Flat-knit and circular-knit compression garments
- Off-the-shelf and made-to-measure garments
- Compression garments for upper and lower limbs
- Multiple material types and compression classes (Class 1–4)
- Bandaging systems
- Accessories, including donning and doffing aids

The Trust requires a comprehensive product range capable of meeting diverse and complex patient needs, including bespoke made-to-measure solutions.

The successful Provider will provide:

- Product samples for clinical evaluation where required
- Access to appropriate measurement tools
- A digital ordering platform to support efficient prescribing and ordering
- Product training and clinical advice for Trust staff
- An efficient returns and remakes policy

The Trust anticipates publishing a Tender Notice within the next 2-3 months. This Planned Procurement Notice is issued to provide the market with early visibility and to support supplier readiness.

II.2.14) Additional information

This notice is for information only and is not a call for competition. Suppliers will need to respond to the future Tender Notice in order to participate in the procurement.

II.3) Estimated date of publication of contract notice

13 April 2026

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
