Country

United Kingdom

NUTS code

- UK - United Kingdom

Internet address

<https://www.biomerieux.com/>

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Extension of existing contract from end date 30th June 2024 to 29th December 2025. We wish also to have the option to extend for a further 18 months in 3 x 6-month periods beyond expiry of the contract on 29th December 2025.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

These modifications are in accordance with Regulations 72(1)(b)(i) and (ii). A tender process commenced in January 2023, with preliminary market engagement starting in September 2023 via PIN Notice (2023/S 000-026578).

While there are planned measures for the retendering of services, technological advances have resulted in a significant extension of scope, necessitating a longer tender process. Due to the project's complexity, the modifications are required to thoroughly investigate the Client's infrastructure, cyber security protocols, and connectivity requirements in line with information gathered during market engagement.

The modifications are also necessary to allow the client to complete business cases that outline the change to scope. Finally, while the tender is in progress, the modifications are needed to guarantee the ongoing provision of essential microbiology services that include the diagnosis, treatment, management, and prevention of infectious diseases.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £5,318,454.71

Total contract value after the modifications

Value excluding VAT: £5,318,454.71
