Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Emergency Call Out with Minor Works and Subsidence Repairs Framework

Reference number

CA18/05057

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

The Coal Authority invites you to tender for the provision of Emergency Call Out with Minor Works and Subsidence Repairs works framework comprising of the following:

Lot 1 - Emergency Call Out with Minor Works:

To respond to public safety incidents on a 24 hour/365 day basis. Initial emergency response is to attend a public safety incident within 4 hours of notification and erect temporary fencing and warning notices (within 6 hours of notification) to ensure the hazard is secured. Typical hazards relating to past coal mining present issues such as ground collapses of shallow shafts, adits, outbreaks of mine water and gas emissions and mine workings.

Lot 2 - Subsidence Repairs

The works primarily consist of undertaking subsidence repairs and decorations to domestic properties. All works will follow an agreed schedule of repairs and decorations that may be varied by agreement with the Authority. The repairs and decorations will entail working with residents to minimise disruption to their property but ensuring that a high standard of repairs and decorations are undertaken. Under normal circumstances, residents will remain in residence whilst repairs are undertaken. Repairs may also be undertaken to non-domestic properties such as factories, offices, etc. to the same standard. Repairs will be carried out to buildings, roads and any other structures damaged due to coal mining subsidence.

Successful tenderers will enter into a four-year framework in accordance with the NEC4 Framework Contract and the NEC4 Engineering and Construction Short Contract and additional Z clauses.

The framework will consist of two lots, each of which will provide coverage throughout the UK's coalfield areas, split across the following five regions;

- Scotland
- North East & Cumbria.
- North West, North Wales & Yorkshire
- East & West Midlands
- South Wales & South West

To express an interest in this opportunity and to access the complete suite of tender documents tenderers are invited to register on our tender portal at <https://inbye.coal.gov.uk/s2c/>

Once registered you will receive an email with your unique password and once logged in you can view the open opportunity.

II.1.5) Estimated total value

Value excluding VAT: £13,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots
