## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Form of procedure**

Open procedure

#### **IV.1.11) Main features of the award procedure**

Contracts awarded under the Open Framework will be determined on a case-by-case basis based upon the particular needs of the service user(s).

The SEN Caseworker or Special Needs Officer (SNO), in agreement with the relevant manager and discussion with the parents and pupils (if appropriate) determine that a service is needed that would fall under one of the Lots within this Open Framework.

Tenderers, once being awarded a place on the Open Framework, will be ranked by lowest price, i.e. lowest priced will be awarded 1st place.

A Tenderer will be chosen by Lot first and then region.

The SEN Caseworker or SNO will send the pupil details, requirements of the service from the pupils EHC plan and required timeframe for the service to start to the top 5 providers on the Lot (based on each individual requirement) who will then have a deadline to respond to confirm if they are able to accept the case and what termly progress targets they would implement.

After the deadline has expired, the SEN Caseworker or SNO will contact the Tenderer that has the lowest price and has confirmed their capacity to provide the requirement and confirm termly targets and ask them to start working with the pupil. If the targets are deemed to be too low, and cannot be changed, the casework or SNO have the option to contact the next lowest price provider. If none of the top 5 providers is able to offer, the SEN Caseworker or SNO will then contact the next top 5 placed providers, and so on, until a contract is awarded.

In the event that there is a tie (same price, acceptance of requirement and agreement of targets) in the submissions, the Tenderer who responded first within the deadline period via the stated method shown in Section 18 will be awarded the contract.
