South Lanarkshire Council is seeking to appoint Service Providers to a Procured Services Arrangement (PSA) for the provision of Care at Home and Housing Support Services commencing on 1st July 2024.

The contract will be delivered to Supported Persons residing within South Lanarkshire and who are supported by the Council and South Lanarkshire Health and Social Care Partnership (SLHSCP).

SLHSCP deliver adult social care services and all community health services for adults and children in the South Lanarkshire area. The services will support individuals to live in their own homes and to play an active part in their communities as much as they are able.

The Self Directed Support (SDS) regulations offer Supported Persons a choice of provider to an extent not available through a Framework or a Dynamic Purchasing System (DPS) therefore the Council is utilising an innovative Procured Services Arrangement (PSA) under the Light Touch Rules contained in Regulation 74 - 76 of the Public Contracts (Scotland) Regulations 2015.

The PSA will allow providers to be added over its 15 year term, this will facilitate the Supported Person's choice.

The Services are predominantly personal care services that are provided with, and for, a Supported Person in their own home. In some less common situations, non-personal care and housing support services may also be required where there are specifically assessed needs.

The Services are provided for Supported Persons who are assessed by the Council as needing support to maintain or regain their independence, safety, health and wellbeing. This may include Supported Persons who are returning home from hospital. It may also include Supported Persons who would require to be admitted to hospital or long-term care if support were not to be provided in the person's home.

The Council is responsible for providing and commissioning Services in South Lanarkshire. While the Services are predominantly provided to older people, the Services will also be commissioned for adults with needs arising from a learning disability, physical disability or other long-term health conditions, children and families and other vulnerable groups with care and support needs. Supported Persons receiving the Service may have a variety of care and support and health needs, including but not limited to:

- Physical frailty
- Sensory impairment
- Dementia
- Complex care needs

- Vulnerability
- End of Life and Palliative Care
- Learning difficulties
- Physical disabilities
- Addiction issues
- Mental health and cognitive impairment
- Other long-term conditions

The Services also provide essential support for unpaid carers, by providing support for the Supported Person.
