II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This requirement includes a mixture of works some of which cannot be procured from sources other than Northern Powergrid owing to the nature and structure of the power market in the UK and others which may be available on the open market albeit with additional costs of supervision and governance .

To separate the two requirements would make it highly likely that significant delay to the programme for this project would be experienced as well as additional whole life costs related to the supervision and assurance of compliance for this work and additional requirements for managing the safety and standards of the work.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession

Contract No

CA18/05668
