Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Department for Business and Trade – Bill of Lading Shipping Data – Early Engagement Questionnaire

II.1.2) Main CPV code

- 72300000 - Data services

II.1.3) Type of contract

Services

II.1.4) Short description

Department for Business and Trade (DBT) (previously known as Department for International Trade), has a potential requirement for the provision of Bill Of Lading Shipping Data.

The requirement is for Bill of Lading database and/or service for exports from the UK where a container leaves from a UK port and imports to the UK where the container lands

at a UK port or the container lands at a foreign port but with a final destination of the UK. The data that is provided under the Contract will be in the context of UK to World trade, and World to UK trade.

DBT wishes to conduct an Early Engagement Questionnaire with relevant suppliers.

II.1.5) Estimated total value

Value excluding VAT: £560,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 48611000 - Database software package

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Department for Business and Trade (DBT) (previously known as Department for International Trade), has a potential requirement for the provision of Bill Of Lading Shipping Data.

The requirement is for Bill of Lading database and/or service for exports from the UK where a container leaves from a UK port and imports to the UK where the container lands at a UK port or the container lands at a foreign port but with a final destination of the UK. The data that is provided under the Contract will be in the context of UK to World trade, and World to UK trade.

The Authority currently has a Contract with ThinkData Works, to provide this data to DBT, Department for Transport (DfT) and Office for National Statistics (ONS) up to November 2023.

The data set will be procured and managed by DBT. However, the data set will be used in conjunction with other departments. Colleagues from DBT, DfT and ONS will have full access to the service and data once the Contract starts, preferably through DBT's systems. DBT is also exploring options to share record level data with other Government

Departments.

The Secretary of State for DBT is the contracting authority responsible for meeting this anticipated requirement. DBT intends to publish the Contract Notice in May 2023, with a contract start date in November 2023.

It is anticipated the contract shall be for a period of 24 months, including any available contract option(s). The requirement has an estimated total value of £560,000 including VAT and this value includes any available contract option(s).

At this stage, DBT wants to understand the view of the market in terms of its approach to this requirement, key considerations, and costings. Information that it gathers will be used to refine requirements to ensure they are fit for suppliers to deliver against.

It should be noted that DBT makes no commitment to procure these services and may decide to not progress this any further following this engagement with the market. DBT reserves the right to change any information contained within the Early Engagement documentation at any time, and Potential Suppliers rely upon any information provided entirely at their own risk.

Please email CommercialDDaT@trade.gov.uk to gain access to our Early Market Engagement Questionnaire.

Please submit your completed questionnaire by no later than 12:00 GMT on 09/05/2023.

DBT will review the submissions, and this will aid internal decision making ahead of the Contract Notice. This is not a formal invitation to tender.

II.3) Estimated date of publication of contract notice

29 May 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
