Reference number

DN718188

II.1.2) Main CPV code

- 85100000 - Health services

II.1.3) Type of contract

Services

II.1.4) Short description

Notice of Intention to Award Via the Most Suitable Provider Process

The London Borough of Hackney and the City of London would like to commission a provider to deliver an Additional Roles Sustainability Scheme via the Most Suitable Provider Process. A most suitable provider with sufficient specialist knowledge has already been identified for this scheme. If you think your organisation has the required experience and expertise to deliver such a service, please respond to this advert by expressing an interest only. Please do not put forward a written bid. You will then be required to demonstrate your suitability to deliver this service in accordance with the key criteria as set out in the Health Care Services (Provider Selection Regime) Regulations 2023.

The aim of the scheme is to build and utilise the additional roles to help solve the workforce shortage in general practice as well as help achieve the government's manifesto commitment of increasing the number of annual appointments in general practice by 50 million. Whereas the funding will be for new roles being introduced within PCNs, each network will have the flexibility to determine which roles form a core list they require based on their patient population requirements.

This is a Provider Selection Regime (PSR) intended approach notice. The awarding of this contract is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award.

II.1.5) Estimated total value

Value excluding VAT: £533,165

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 85100000 - Health services

II.2.3) Place of performance

NUTS codes

- UKI31 - Camden and City of London
- UKI41 - Hackney and Newham

II.2.4) Description of the procurement
