II.2.2) Additional CPV code(s)

- 73000000 - Research and development services and related consultancy services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement at the time of conclusion of the contract:

1.7.1) Inspire and design innovative cooperative policy/programme development (across several policy areas and working in collaboration with member authorities), providing external challenge, expertise and prototyping in relation to the Cooperative Council agenda. (NB: We are looking for organisations who can inspire and design innovative policy over several policy areas and themes, with a focus on delivering differently and redesigning public services in line with cooperative values and principles.).

1.7.2) Proactively and effectively engage and collaborate with other partners/sectors in

developing innovative cooperative policy/programmes, with the twin aims of raising the profile of the CCIN and seeking to secure additional investment and/or other resources to support the work of the CCIN.

1.7.3) Work with network members to evaluate the impact of cooperative approaches being tested, ensuring that the cooperative impact can be tangibly measured. This is in order to ensure we continue to identify the benefits of delivering services as cooperative councils, rather than by observing legislation or political direction.

1.7.4) Supporting the development and delivery of the CCIN's programme of Policy Labs and Policy Prototypes, which are collaborative projects delivered in partnership across the CCIN. This could be anything from cooperative approaches to tackling food poverty to initiatives that put communities back at the heart of local decision making.

1.7.5) Ensure a conscious approach to legacy planning to ensure the right skills and infrastructure are in place to sustain cooperative policy outcomes across the Network. This could include:

- strengthening organisational/community infrastructure to effectively enable scaling up of the cooperative project/programme to cover more geographical areas or a larger number of users;
- upskilling the organisation or communities to be able to deliver the project/programme in future or design something similar if needed.

1.7.6) Supporting our members to become cooperative leaders of Public Sector Reform, enhancing our skills and knowledge to ensure we can best represent the communities we service.

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Modification to extend the CCIN Consultancy DPS as previously awarded below:

1.7.1) Inspire and design innovative cooperative policy/programme development (across several policy areas and working in collaboration with member authorities), providing external challenge, expertise and prototyping in relation to the Cooperative Council agenda. (NB: We are looking for organisations who can inspire and design innovative policy over several policy areas and themes, with a focus on delivering differently and redesigning public services in line with cooperative values and principles.).

1.7.2) Proactively and effectively engage and collaborate with other partners/sectors in developing innovative cooperative policy/programmes, with the twin aims of raising the profile of the CCIN and seeking to secure additional investment and/or other resources to

support the work of the CCIN.

1.7.3) Work with network members to evaluate the impact of cooperative approaches being tested, ensuring that the cooperative impact can be tangibly measured. This is in order to ensure we continue to identify the benefits of delivering services as cooperative councils, rather than by observing legislation or political direction.

1.7.4) Supporting the development and delivery of the CCIN's programme of Policy Labs and Policy Prototypes, which are collaborative projects delivered in partnership across the CCIN. This could be anything from cooperative approaches to tackling food poverty to initiatives that put communities back at the heart of local decision making.

1.7.5) Ensure a conscious approach to legacy planning to ensure the right skills and infrastructure are in place to sustain cooperative policy outcomes across the Network. This could include:

- strengthening organisational/community infrastructure to effectively enable scaling up of the cooperative project/programme to cover more geographical areas or a larger number of users;
- upskilling the organisation or communities to be able to deliver the project/programme in future or design something similar if needed.

1.7.6) Supporting our members to become cooperative leaders of Public Sector Reform, enhancing our skills and knowledge to ensure we can best represent the communities we service.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Modification as permitted under the new Procurement Act 2023 to extend the current DPS until 2029. Dynamic Markets under PA23 do not allow the award of below threshold call offs.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £30,000,000

Total contract value after the modifications

Value excluding VAT: £30,000,000
