#### II.1.4) Short description

Over the next few years SECAmb ("The Authority") plans to carry out a number of Make Ready Centre projects with an anticipated total value between £500k-£10m - the values under each contract will vary from project to project.

The Authority is looking to establish a Framework for the provision of Construction Consultancy Services from a wide range of specialisms, utilising both SME and National Consultants, to deliver either a single service or provide a range of services for the 'Make Ready' programme.

The Framework Agreement will be divided into four (4) Lots

- LOT 1 Employers Agent
- LOT 2 Contract Administrator
- LOT 3 Quantity Surveyor
- LOT 4 Principal Designer

The Authority is issuing this tender as a two-stage procurement process, which involves bidders completing and submitting both PQQ and ITT responses at the same time. PQQ\_1089 and ITT\_3757 - please ensure you submit bids for both within the timeframes specified.

For the purposes of this Framework, the Bidder must deliver 100% of the contract deliverables and not rely on sub-contractors or other third-party organisations to deliver the contract.

The Framework Agreement will predominantly be used by the lead Authority; with access made available to all Ambulance Services across the whole of the UK; with 4 distinct Consultancy Services Areas across 13 geographical regions. Bidders can provide services for either a single Consultancy Service Lot or multiple Consultancy Services Lots and may provide services to specific regions or all regions.

The Framework shall be flexible to meet the needs of Participating Authorities for the duration of the Framework.

There may be a requirement for Consultancy Services against other construction projects throughout the life of the Framework.
