VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Both frameworks are being extended for 11 months from the 1st April 2022 to 28 February 2023

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

During the COVID 19 pandemic, staff who would have been deployed to manage a re-procurement of this contract were diverted to undertake COVID 19 emergency response activities. Consequently, re-procurement of this contract was delayed. The contract involves complex TUPE issues, which impact upon the structure of the re-procurement. Due to redeployment of staff as a result of COVID 19, the TUPE issues could not be addressed at an earlier stage. This contract directly affects service users and their care, which also impacts on the structure of the re-procurement. Given the complexity of the issues involved to re-procure these services, the existing contract will be extended by 11 months to enable an appropriately structured re-procurement to be undertaken.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £21,400,000

Total contract value after the modifications

Value excluding VAT: £29,500,000
